

## ADA Notice Regarding Wellness Program

---

City of West Allis Welfare Benefit Plan is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You are not required to complete the HRA or to participate in other medical examinations.

The information from your HRA will be used to provide you with information to help you understand your current health and potential risks. The information from your HRA may also be used to offer you services through the wellness program, such as coaching. You also are encouraged to share your results or concerns with your own doctor.

You will also be asked to complete a biometric screening, which will include a blood test for height, weight, systolic/diastolic blood pressure, high-density lipoprotein cholesterol, low-density lipoprotein cholesterol, total cholesterol, triglycerides, blood glucose, and waist circumference. You are not required to participate in the biometric screening or other medical examinations. The information from your biometric screening may also be used to offer you services through the wellness program, such as coaching. You also are encouraged to share your results or concerns with your own doctor.

However, employees who choose to participate in the wellness program will receive an incentive of premium differential / rewards for Go365 participants for biometric screening and HRA. Although you are not required to complete the HRA, only employees who do so will receive premium differential / rewards for Go365 participants. Although you are not required to participate in the biometric screening, only employees who do so will receive premium differential / rewards for Go365 participants.

Additional incentives, such as availability to purchase fitness items or gift cards, may be available for employees who participate in certain health-related activities, such as , or achieve certain health outcomes, such as non-nicotine user premium incentive. If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Richard Pfaff at 7525 W.
