4. Use the following information to complete the data fields. Mandatory fields are noted with a red asterisk.
 - **Category Name** – A red asterisk indicates this is a mandatory field.
 - **Show Archives** – The default will show as **Yes** or **No**; leave the setting at default.
 - **Permissions** – Setting permissions at the category level is suggested.
 - **View** - May view the live side only
 - **Author** – Submit new items, modify/delete unpublished items
 - **Publisher** – Publish new items, modify/delete unpublished items, modify/delete published items, accept/reject submitted items
 - **Owner** – Publish new items, modify/delete unpublished items, modify/delete published items, accept/reject submitted items, create/modify categories, assign category permissions
 - **System Administrator** – Automatically has rights to all of the above.
 - You may choose to save your work at this point; however, the Opinion Poll category will not be visible on a specific page of the live side until steps 5-9 are completed and an item is added.

5. Select the **Related Pages** tab next to **Poll Category Details**. To relate a page is to choose the page(s) which Opinion Poll Category will appear on. Once you select the related pages tab the page will be similar to Fig 1-2.

Fig. 1-2

6. To the left of the word Home is a double-page icon; often called a double-icon. When Home is selected, additional double (and/or single) icons appear beneath. Both icons represent a titled page on the admin side which is a reflection of the first level of navigation on the live side. Double-icons indicate that additional subpages exist, which also create additional sublevels of navigation.
7. Select double-icons, if necessary, to find the appropriate subpage.
8. Mouse over the page you want to relate Opinion Poll to and a blue option box will appear
9. Check the dialog box option that places Opinion Poll in a location consistent with your site's design (typically Opinion Poll – Right). See Fig. 1-2
10. Select Options to complete Adding/Creating a category.
 - o **Cancel** – Will delete what you've done
 - o **Save** – Will save the work as an unpublished draft
 - o **Save & Submit** – Will save the work as an unpublished draft and notify a publisher that it is ready for review (Option is viewable by Authors only)
 - o **Save & Publish** – Will save the work and publish it for viewing
